

ATHARV BENDKHALE

Khed, Maharashtra • +91 8446379837 • atharvb03@gmail.com • [linkedin.com/in/atharv-bendkhale-18789324b](https://www.linkedin.com/in/atharv-bendkhale-18789324b)

Motivated Computer Science student with a strong foundation in Artificial Intelligence and Python programming. Deeply interested in developing intelligent systems and solving real-world problems using AI technologies. Skilled in modern web development tools including HTML, CSS, JavaScript, React, and MongoDB. Currently focused on enhancing expertise in AI algorithms, data-driven development, and Python-based applications to build innovative and impactful solutions.

PROFESSIONAL EXPERIENCE

- Gained hands-on experience developing responsive web applications using HTML, CSS, and React.
- Collaborated with teams to create seamless and intuitive user interfaces.
- Used SQL databases and MongoDB for data storage.
- Contributed to AI/ML projects, including model development.
- Demonstrated adaptability and a continuous learning mindset across frontend and AI/ML domains.

EDUCATION

Gharda Institute Of Technology, Khed, Maharashtra, 2022-2026

Bachelor of Engineering, Computer Science & Engineering(AIML)

- Completed 5 out of 8 semesters
- CGPA: 8.02 / 10
- Volunteer, National Service Scheme (NSS) (2023-2025)

SKILLS & OTHER

Skills :HTML, CSS, Python, React, GitHub, SQL, MongoDB, AI and M, MS-Excel, Problem-solving, Logical Thinking, Data Visualization, Teamwork.

Projects:

1) CG Library Function (Custom Header File for Graphics Algorithms) Oct 2023-May2024

- Developed a custom graphics library in C integrating core algorithms like DDA, Bresenham, Midpoint Circle/Ellipse, Bezier Curve, and Clipping techniques.
- Aimed to enhance code modularity, reduce repetition, and streamline implementation in graphics-based applications.

2) Project Review Platform (PRP)

Jul2024-Mar2025

- Tech Stack: React, Node.js, Express.js, MySQL, Multer, Tailwind CSS
- Designed and developed a full-stack web application to streamline the academic project review process for students and faculty. The platform includes four user roles: Mentee, Mentor, Project Coordinator and HOD, each with customized access and functionality.

Key features:

- Mentees can upload project reports (PDF), videos, and PPTs.
- Mentors can view only their assigned mentees' submissions and provide remarks and feedback.
- Coordinators and HODs have access to monitor overall progress and ensure timely review.
- Secure login and role-based access control for efficient project tracking and evaluation.

Certifications:

- Python Zero-to-Hero (Intermediate Level), Udemy (June 2025)
- Python Zero-to-Hero (Beginner Level), Udemy (April 2025)
- AWS Academy Graduate - AWS Academy Cloud Foundations (March 2025)
- Introduction to Artificial Intelligence, Infosys Springboard (August 2024)
- Python Programming, Capabl. (February 2024)
- Programming in Java, NPTEL (October 2023)
