SUMMARY

Aspiring Data Analyst and Computer Engineering student with strong expertise in SQL, Python, Power BI, and Excel. Experienced in data analysis, visualization, and building data-driven solutions through academic projects and national-level hackathons. Skilled in problem-solving, analytical thinking. Passionate about leveraging data insights to support decision-making and improve real-world systems.

EDUCATION

Gharda Institute of Technology, Lavel

Bachelor of Engineering - Computer Engineering; CGPA : 8.39

Khed, Maharashtra

2022 - 2026

TECHNICAL SKILLS

Programming Language : C, Python

Tools and Platforms: Power BI, GitHub

Libraries and Databases: Pandas, NumPy, Matplotlib, Seaborn, SQL, MySQL

Technologies: HTML5, CSS3, Excel, Machine Learning(ML), Data Analytics

Additional Skills: Problem Solving, Teamwork, Decision Making, Leadership Qualities, Public Speaking, Volunteering

HACKATHONS

Smart India Hackathon(SIH) 2025 – Finalist (ISRO Problem Statement)

December 2025

- Developed an Android-based navigation prototype using smartphone sensor fusion (GPS + IMU) for safe road guidance.
- Implemented real-time tracking, heading estimation, and offline navigation support.

Hackcelestial 2.0- Finalist -Pillai College Of Engineering,Panvel

September 2025

- Developed a web-based one nation, one athlete platform for athlete performance tracking and coach insights to support safe, data-driven training decisions.

PROJECTS

Kisan Sathi

Jul 2025-Present

- Developed a digital platform to support farmers with crop guidance, weather-based insights, and agricultural best practices.
- Integrated features such as real-time market price updates, crop recommendations, and government scheme awareness.
- Enabled farmers to make data-driven decisions for improved productivity and sustainable farming.

Absence Notifier

Feb 2024-Apr 2024

- Developed an automation tool for teachers to streamline attendance follow-ups by sending customized absence notification emails to students.
- Designed the system to take an Excel attendance sheet as input, identify absent students, and generate personalized email messages automatically.

CERTIFICATIONS

- Complete Data Analyst Bootcamp From Basics To Advanced, Udemy, Ongoing
- Python Zero-to-Hero(Intermediate Level),Udemy, January 2026
- OCI-Generative AI Professional ,Oracle University, Oct 2025
- Python Zero-to-Hero(Beginner Level),Udemy, April 2025
